

If you are seeking a career change, we can help you. Our expertise is unlocking the roles you will gain the greatest joy from, making the best impact you can and developing a deeper appreciation of how you can make a positive difference that goes beyond qualifications and experience.

We strongly believe that work that energises you will make you more fulfilled and enable you to deliver an even greater contribution. This knowledge is genuinely transformative and provides you with a competitive edge in your job applications.

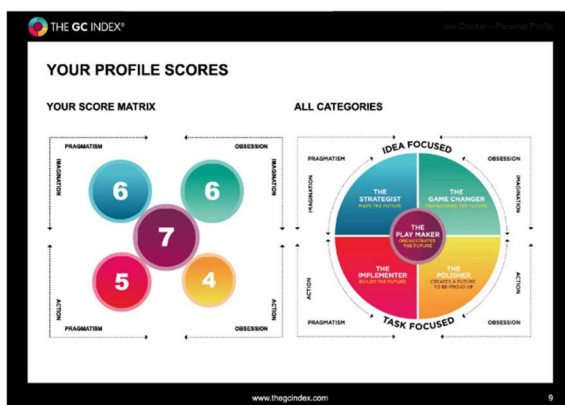

As you might expect from us, we will use the GC Index® to do this. We will work with you for 3 months or until you find a new role (whichever happens soonest) on a one-to-one basis.

The first step:

A free initial chat for 30 minutes on Zoom to discuss what you need and how we can help. If we both agree we can work together, then we can get started.

The services included:

- Your personal GC Index assessment + an online one-to-one session that will walk you through the results and explain them in terms of approaches to work, optimal environments and your main proclivities (what energises you and where you can make the greatest impact).
- A weekly written action plan to set out goals and deadlines for accountability for both of us.
- Analysis of your existing CV and LinkedIn profile to provide recommendations for language that will highlight your natural proclivities and make you more attractive to organisations seeking your impact areas.
- Analysis of up to 5 job descriptions for roles you wish to apply for, showing how the underlying proclivities match with your profile and any areas that should be considered further. Being able to provide a CV and then at interview demonstrate how you are aligned with the role is very powerful.
- A weekly meeting on Zoom to discuss progress against the action plan.
- Support via email and WhatsApp 7 days a week for up to 3 months.

Total fees for the 3-months: £500 + VAT
